digbijaysaikia@outlook.com • digbijaysaikia.in • behance.net/digbijaysaikia

UI/UX Designer with a solid understanding of design principles and hands-on experience. Seeking a full-time position to apply and expand design skills while contributing to innovative, user-centered projects.

EXPERIENCE

Freelance Video Editor and Graphics Designer (2020-Present)

- Produced sponsorship video for Filmora, demonstrating editing software features.
- Produced a promotional video for HitPaw, highlighting their watermark remover software's effectiveness and ease of use.

CERTIFICATIONS

- UI/UX, Internshala, May 2024
- Complete Figma Megacourse: UI/UX Design Beginner to Expert, Udemy, June 2022
- HTML, Sololearn, April 2019

PROJECTS

The Northeast Voyage - [Freelance Project]

- Designed a travel agency website to showcase curated packages across Northeast India.
- Conducted client interviews and defined project goals to align with business objectives.
- Mapped user interactions and created user journeys to enhance engagement.
- Designed wireframes, developed visual aesthetics, and built interactive prototypes.
- Conducted usability testing to ensure a seamless user experience.

MeloMix: A Music Player & Playlist Sharing App - [Internshala Project]

- Dynamic music platform with personalized recommendations and social features for sharing and exploring music.
- Conducted user research, created personas, and mapped user journeys for a seamless experience.
- Developed wireframes, visual designs, interactive prototypes, and conducted usability testing.

Let's Party: A Small Event Planning mobile app - [Internshala Project]

- Innovative event planning app designed to streamline organizing small gatherings, with features for event creation, guest management, and interactive planning tools.
- Created personas, identified user pain points, and developed wireframes and visual designs.
